Public Satisfaction of China IP

- **63** scores (2012)
- **76** scores (2017)
Reform in IPR distribution mechanism
IP monetization
IP transferring
Pledge financing

4+ billion USD dollars from IP royalties exporting

72 billion RMB from patent pledge financing
03 IP International Cooperation

Participate international cooperation under WIPO framework

- Cooperate with over 50 nations, organizations and regions
- Signed 199 different bilateral and multilateral agreements
- Initiated 25 PPH pilot programs
- Chinese applications overseas granted through PPH steadily increased

Enhance practical cooperation with countries along the Belt and Road

Establish BRICS IP Coordination Group
- BRICS IP cooperation website officially launched last month
IP and Innovation

The development of IP system will constantly facilitate the promotion of technological innovation and industry development.

New technologies such as Artificial Intelligence, Blockchain and big data may provide efficient and reliable operation in IP application, examination, registration, protection and utilization.

Technological Innovation & Industry Development
Thank You!
